Hematology

1. **Iron overload – a global perspective** *Abreu J.C., Leitão A., Pinho I., Costa C., Oliveira C.* (Braga, Portugal)
2. **Renal infarction: a rare manifestation of thrombophilia** *Antunes M., Magalhães G., Castro S., Marques B., Gruner H., Riso N.* (Lisbon, Portugal)
3. **Light chain multiple myeloma - regarding a clinical case** *Barreira J.S., Freire S., Simas N., Barbosa D., Velhinho E., Nunes da Silva G.* (Lisbon, Portugal)
4. **Mediterranean Kaposi sarcoma related hemophagocytic lymphohistiocytosis** *Basoulis D., Tsilingiris D., Fytili C.D., Kapelios C., Liaskos C., Psychogiou M.* (Athens, Greece)
5. **Chronic myelomonocytic leukemia: a patient presenting with rare extramedullary involvement** *Borges T., Régo I., Badas, Pinto R., Ferreira H., Melo S., Oliveira J.* (Porto, Portugal)
6. **Glucose 6 phosphatase dehydrogenase deficiency** *Burgi Vieira C., Santos A., Sá Damásio H., Serrano A., Murinello A.* (Lisbon, Portugal)
7. **A catastrophic outcome of a case of acquired hemophilia A** *Chalhoub G., Guibaud I.* (Metz, France)
8. **Iron deficiency and restless legs syndrome in blood donors. A prospective study** *Clavero Olmos M., Matskiv N., Valdés Gross I., García-Espona Pancorbo A., López Aparicio A., Peraita R., Del Castillo Rueda A.* (Madrid, Spain)
9. **Hypoferritinemia in blood donors** *Clavero Olmos M., Valdés Gross I., García-Espona Pancorbo A., López Aparicio A., Peraita R., Del Castillo Rued A.* (Madrid, Spain)
10. **Adult T-cell leukemia: a rare etiology of thrombocytopenia among elderly patients** *Croca S., Nunes I.M., Santos T., Carvalho M.L., Braz Nogueira J.M.* (Lisbon, Portugal)
11. **Bilateral pulmonary embolism: pathogenic role of hyperhomocysteinemia and raised factor VIII** *Croca S., Nunes I.M., Santos T., Carvalho M.L., Braz Nogueira J.M.* (Lisbon, Portugal)
12. **Acquired hemophilia: a rare form of hemorrhagic blood dyscrasia** *Croca S., Nunes I.M., Santos T., Pereira A.R., Silva I., Carvalho M.L., Braz Nogueira J.M.* (Lisbon, Portugal)
13. **AL amyloidosis and multiple myeloma - a clinical case** *Da Cruz D.A., Soares Z., Louro J.A., Reis M., Barata J.* (Vila Franca de Xira, Portugal)
14. **Bullous fixed drug eruption in a patient with metastatic renal cell carcinoma induced by iodinated contrast. A case report** *Epskamp C., Snels D.G.C.T.M., Yo G.G.L., Zuetenhorst J.M., Hamberg P.* (Rotterdam, the Netherlands)

15. **Hemoglobin sickle cell disease in adulthood: paradoxically milder, paradoxically severe?** *Ferreira M., Albergaria D., Cunha V., Manuel J., Gonzalez F., et al.* (Almada, Portugal)
16. **A “simple” back pain – apropos of a clinical case** *Ferreira Monteiro N., Midões Correia C., Botelho de Sousa A.* (Lisbon, Portugal)
17. **Cytomegalovirus infection: on the gateway for hematological malignancy** *Fonseca M.R., Augusto S., Delgado J.L., Madruga I., Silva A.M.* (Lisbon, Portugal)
18. **Cold agglutinin disease: a presentation of acute myelomonocytic leukemia** *Gaibino N., Dinis J., Gomes D., Oliveira A.* (Lisbon, Portugal)
19. **Splanchnic vein thrombosis and JAK2 mutation** *Kampouroupoulou O., Triantafyllou M., Iliadi I., Polonyfi A.V., Nika C., Theophanis V., Lontou S., Kapellos G.G., Polyzos A., Mantzourani M.G.*
20. **Multiple myeloma presenting with relapsing hypoglycemia** *Kouveletsou M., Basoulis D., Fytli C., Petsa P., Diakoumopoulou E., Tentolouris N.* (Athens, Greece)
21. **Congenital abnormalities of inferior vena cava and deep venous thrombosis** *Lorenzo Villalba N., Alonso Ortiz M.B., Sosa Z.C., Kechida M.* (Las Palmas, Spain)
22. **Prasugrel-associated acquired thrombotic thrombocytopenic purpura** *Lorenzo Villalba N., López Y.P., González N.S., Damaso E.O., Alonso Ortiz M.B., Rodríguez Pérez J.C.* (Las Palmas, Spain)
23. **Antibody-negative pernicious anemia** *Martins A.M., Ferreira F.S., Leite I.M., Fonseca M.D.* (Lisbon, Portugal)
24. **Kikuchi-Fujimoto disease: a rare condition with an atypical presentation happening in Europe** *Mousinho F., Teta I.A., Sousa e Santos P., Gomes A.P., Lima F., Frade L., Verdasca I., Cacheira E., Campos L.* (Lisbon, Portugal)
25. **A rare presentation of prostate cancer** *Muñoz Delgado C., Vilas-Boas P., Demelo Rodríguez P., Muñoz Betegón I., Martín Gómez M., García Castaño J., Álvarez-Sala Walther L.* (Madrid, Spain)
26. **Hepatitis B virus screening for malignant lymphoma** *Natori K., Ishihara S., Nagase D., Mitsui Y., Sakai A., Kato M., Kuraishi Y., Arai K., Izumi H.* (Tokyo, Japan)
27. **Multiple neoplasms including myeloma and related plasma cell neoplasms** *Natori K., Ishihara S., Nagase D., Mitsui Y., Sakai A., Kato M., Kuraishi Y., Arai K., Izumi K.* (Tokyo, Japan)
28. **Assessment of sites of marrow and extramedullary hematopoiesis by hybrid imaging in patients with primary myelofibrosis** *Ojeda-Urbe M., Ungureanu C., Morel O., Desterke C., Kerdiles M.L., Alleg M., Boulahdour H.* (Mulhouse, France)
29. **Factor VII deficiency** *Ospino Arias V., Aquilino Tarí A., Masia Canuto M., Lidón Pérez F.* (Elche-Alicante, Spain)
30. **Pancytopenia and vitiligo: keep pernicious anemia in sight** *Palma Anselmo M., Lopes J.M., Santos J.M., Victorino Rui M.M.* (Lisbon, Portugal)

31. **Differential diagnosis of elevated pleural effusion adenosine deaminase activity levels: a case report** *Pereira J.A., Vilaça J., Pedreira J., Silva M.F., Bettencourt P.* (Porto, Portugal)
32. **Unusual form of presentation of pernicious anemia: a case report** *Pereira R., Gomes V., Carvalho R.M., Pinho A.F., Rodrigues C., Oliveira e Silva A.* (Braga, Portugal)
33. **Adult hemophagocytic syndrome: prognostic analysis in 111 consecutive patients (REGHEM-GEAS-SEMI Spanish cohort)** *Pérez-de-Lis M., Pérez-Alvarez R., Brito-Zerón P., Moral Moral P., Martínez Zapico A., et al.* (Barcelona, Valencia, Vigo, Spain)
34. **Clinical and therapeutic complexity of an adult T-cell lymphoma secondary to infection by human T-cell lymphotropic virus type I** *Pinheiro I.M., Croca S.C., Falcão P., Fernandes S., Roquette R.,* (Lisbon, Portugal)
35. **Pure red cell aplasia secondary to thymoma: an unusual presentation of an uncommon disease** *Pires da Rosa G., Araújo P., Ferreira E., Bettencourt P.* (Porto, Portugal)
36. **HIV-associated multicentric Castleman's disease: from a challenging diagnosis to an unknown treatment** *Pires J.F., Ferreira A.C., Costa M.J., Pereira A.* (Lisbon, Portugal)
37. **Nephrotic syndrome as first manifestation of primary amyloidosis. A case report** *Ramires T., Neves V., Vicente A., Pessegueiro P., Silva R., Piçarra B., Murillo M.J., Corzo C., Lourenço S., Páscoa B.* (Évora, Portugal)
38. **Anemia in the elderly - a diagnostic challenge** *Rodrigues A., Fernandes L., Clérigo V., Rocha C., Sargento D., Robalo Nunes A.* (Lisbon, Portugal)
39. **Workup of anemia causes: the importance of an accurate diagnosis** *Rodrigues É., Loureiro L., Silva M., Silva N., Martins J., Quintaneiro C., Ferraz e Sousa F., Pereira M.A.* (Figueira da Foz, Portugal)
40. **Morphological dysplasia on bone marrow of patients with newly diagnosed multiple myeloma: an association not attributable to treatment** *Romero Fernandez E., Suarez Acosta C.E., Calvo E., Jimenez Yuste V.* (Madrid, Spain)
41. **Autoantibodies: coexistence with alloantibodies and its association with pathologies underlying. Our experience** *Romero Fernandez E., Suarez Acosta C.E., Jimenez Yuste V., Calvo E.* (Madrid, Spain)
42. **Autoimmune hemolytic anemia and pathologies associated. Our experience** *Romero Fernandez E., Suarez Acosta C.E., Jimenez Yuste V., Calvo E.* (Madrid, Spain)
43. **A 26 years old man with headache, fever and skin lesions** *Saada M.A., Lavi N., Khateeb A., Yahia A., Raz-Paster A.* (Haifa, Israel)
44. **Axillary, subclavian and internal jugular venous thrombosis by protein S deficiency** *Salvado N., Marinho C., Santos Pinheiro L., Lucas M., Victorino R.M.M.* (Lisbon, Portugal)
45. **Prevalence of iatrogenic thrombocytopenias in an internal medicine service** *Santos T., Nunes da Fonseca I., Nunes I.M., Croca S., Carvalho L.* (Lisbon, Portugal)
46. **Hereditary spherocytosis: a common form of hemolytic anemia, although unexpected when resulting from a de novo mutation** *Sotto Mayor J., Pacheco A.P., Santos R., Esperança S., Oliveira e Silva A.* (Braga, Portugal)

47. **Syphilis and thrombocytopenia: consequence or coincidence?** *Sousa M.M., Canelas A., Machado C., Lopes J., Gonçalves O., Carneiro A., Dias V.* (Vila Nova e Gaia, Portugal)
48. **When mastocytosis does not itch** *Vazquez D., Eça Guimarães L., Sequeira J., Neves I.A., Miguel S., Pinto T.* (Vila do Conde, Portugal)
49. **Monoclonal gammopathy – a fight against time?** *Vieira V.F., Marcos P., Cunha S., Sousa L., Barroso M. do R., Fernandes C.* (Leiria, Portugal)
50. **Effectiveness of inferior vena cava filters without anticoagulation therapy for prophylaxis of recurrent pulmonary embolism** *Zektser M., Brandstaetter E., Jotkowitz A., Barski L.* (Beer Sheva, Israel)
