## Gastroenterology

1. **Long term therapeutic consequences in patients with autoimmune hepatitis** *Abdollahi M.R., Ekrami N.K., Ghojzadeh M., Azar F.P., Farahani H.K., Somi M.H.* (Tabriz, Iran)
2. **Upper gastrointestinal bleeding as the primary presentation of neoplastic disease in the emergency room** *Borba V., Alves P.M., Lages A., Gonçalves M., Peixoto M., Branquinho D., Conceição D., Domingues I., Canha C., Gregório C., Santos L., Sofia C., Carvalho A.* (Coimbra, Portugal)
3. **Hepatic amoebiasis superimposed on autoimmune hepatitis – a diagnostic challenge** *Botelho D., Tulio M.A., Amorim I., Henriques J., Mello e Silva A.* (Lisbon, Portugal)
4. **Magnesium deficiency and minimal hepatic encephalopathy among patients with compensated liver cirrhosis** *Cohen-Hagai K., Feldman D., Turani-Feldman T., Hadary R., Kitay-Cohen Y.* (Kfar Saba, Tel Aviv, Israel)
5. **Evaluation of the functional state of the liver in patients with chronic acalculous cholecystitis** *Efremova L.I., Pecherskikh M.V., Kazakova I.A., Kropacheva M.L.* (Izhevsk, Russian Federation)
6. **Idiopathic recurrent acute pancreatitis, or maybe not so idiopathic** *Ferreira F., Mateus S., Strong C., Malheiro M., Costa R., Aguiar F., Pereira P., Moreira H., Vicente P., Gouveia C., Costa P., Bana T., Carvalho A., Campos L.* (Lisbon, Portugal)
7. **The danger of diagnostic “labels” – a gastroenterological case** *Ferreira Monteiro N., Oliveira E., Santos S.M., Soares M.M., Silva A.M.* (Lisbon, Portugal)
8. **Colorectal cancer incidence and incidence rates in Iran: a systematic review and meta-analysis** *Ghojzadeh M., Azar F.P., Abdollahi M.R., Jozan N., Somi M.H.* (Tabriz, Iran)
9. **Celiac: disease of any age** *Hancerli Y., Basbug B., Abul Y., Ozalper V., Onem Y.* (Istanbul, Turkey)
10. **Mesalazine induced pancreatitis treated with mesalazine** *Hancerli Y., Kara M., Kaplan M., Basbug B., Cetindagli I.* (Istanbul, Turkey)
11. **Ischemia-modified albumin as a predictor of anastomosis dehiscence in intensive care patients after colorectal surgery** *Hyspler R., Ticha A., Zaloudkova L., Svobodova I., Kaska M., Zadak Z.* (Hradec Kralove, Czech Republic)
12. **Prokinetics are effective in gastroesophageal reflux disease by improving delayed gastric emptying. A pilot study** *Kim B.J., Kim J.G., Kim S.-J.* (Seoul, South Korea)
13. **Streptococcus intermedius bacteremia and hepatic abscess** *Leão R.N., Rodrigues M., Luiz I., Ribeiro J., Almeida J.* (Lisbon, Portugal)
14. **Alveolar macrophages phenotypic plasticity in patients with gastroesophageal reflux disease with pulmonary manifestations and its combination with asthma** *Lyamina S.V., Maev I.V., Malyshev I.Yu.* (Moscow, Russian Federation)

15. **Does a physiotherapeutically coordinated exercise programme have a positive effect on irritable bowel syndrome?** *Mangi A., Weber S.* (Vienna, Austria)
16. **A rare cause of hepatic cirrhosis: Osler-Weber-Rendu disease** *Oguz B., Kocoglu H., Kalkan K., Guven E., Ozel A., Karadag B.* (Istanbul, Turkey)
17. **A rare malignancy: primary malignant peritoneal mesothelioma** *Önem Y., Hancerli Y., Abul Y., Basbug B., Çetindagli İ.* (Istanbul, Turkey)
18. **Severe alcoholic hepatitis. Prognostic scores and lipid peroxidation** *Pérez-Hernández O., González-Reimers E., Sánchez-Pérez M.J., Quintero-Platt G., Fernández-Rodríguez C., Jorge-Ripper C., Hernández-Luis R., Santolaria-Fernández F.* (Tenerife, Spain)
19. **Efficiency of legislative measures to restrict the sale of alcohol in the Sakha Republic (Yakutiya)** *Petukhov K.M., Petrova M.N.* (Yakutsk, Russian Federation)
20. **Overlap syndrome of cholestatic liver diseases and autoimmune hepatitis** *Pinto C.M., Gonçalves A.T., Alexandre R.T., Maurício H., Afonso T., Madureira E.* (Bragança, Portugal)
21. **Studying paracentesis: performed tests and etiology** *Pintos Pascual I., Muñoz Serrano A., Anula Morales A., Montoro Lara J., García Guijarro E., Lavilla Salgado C., Alonso Morís J., et al.* (Madrid, Spain)
22. **Prolapsing antral gastric polyp: a rare cause of gastric outlet obstruction** *Pires J.F., Pacheco T.R., Lourenço M.E., Victorino R.M.M.* (Lisbon, Portugal)
23. **Carcinoid syndrome – case report** *Silva R., Pereira P.M., Santos P., Moura M., Fatela N., Marinho R., Ramalho F.* (Lisbon, Portugal)
24. **Hepatitis B virus reactivation: the importance of immunosuppression** *Silva R., Pereira P.M., Santos P., Moura M., Fatela N., Marinho R., Ramalho F.* (Lisbon, Portugal)
25. **Acute mesenteric ischemia: an unusual case of abdominal pain** *Simões J., Camacho T., Diaz E., Lourenço J., Barata J.* (Lisbon, Portugal)
26. **Spontaneous bacterial peritonitis – a death sentence** *Sousa M.M., Machado C., Canelas A., Lopes J., Gonçalves O., Carneiro A., Dias V.* (Vila Nova de Gaia, Portugal)
27. **Plasma citrulline as a marker of paralytic ileus** *Ticha A., Hyspler R., Zaloudkova L., Svobodova I., Kaska M., Zadak Z.* (Hradec Kralove, Czech Republic)
28. **Enteral parasites detected by stool exam, colonoscopy or abdominal imaging study during 10 years' health checkup: a Korean single center study** *Yang J.I., Choi S., Lee C., Byun H.J., Kang J.M., Yim J.Y.* (Seoul, South Korea)
29. **Intermittent fever and lymphadenopathy in a 55 years old male** *van Zoelen M.A.D., Ellerbroek P.M.* (Utrecht, the Netherlands)
